and if it does, we will certainly change it, but it doesn't. The reason that the amendment is necessary though is to protect innocent third parties. If there is a lien that attaches but is not filed and if that livestock then is sold, it may be that some purchaser will pick up that livestock that in fact has a lien attached to it believing that there is no lien attached to it. So if the lien is filed, if the notice is given to the Register of Deeds, then purchasers are on notice and have a means of protecting themselves against a hidden lien and that is the sole intent of the language in this particular amendment and I don't think it does anything but to make the whole bill better. I hope you will adopt the amendment.

SPEAKER NICHOL: The question is the adoption of the Chronister-Beutler amendment. All those in favor vote aye, opposed nay. Have you all voted? Record, Mr. Clerk.
